MISSISSAUGA HOCKEY LEAGUE - SPECIAL BULLETIN

MHL and ENDURE SPORTS form PARTNERSHIP

Friday, December 5, 2008

The Mississauga Hockey League (MHL) is proud to announce a partnership with ENDURE SPORTS for the 2008-2009 MHL season.

Through this partnership, ENDURE SPORTS will be providing one-on-one goalie clinics for 100 MHL goaltenders as managed by the MHL Development Committee. Please stay tuned for additional information regarding registration and details regarding this program.

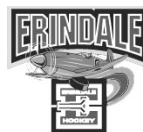

ENDURE SPORTS is a Mississauga based training facility located at 4190 Sladeview Crescent – Unit 4 – just minutes from Erin Mills Twin Arena. ENDURE SPORTS uses new technology, training programs and certified instructors to provide sports teams and players with a positive fitness and skills development experience.

The facility houses three shooting/goaltender training pads and a mini-rink; all fitted with ProCision ice surface. ProCision ice looks and skates like normal ice but offers a training advantage with 10% more resistance. This high-tech facility, combined with qualified and trained instructors will benefit all MHL goalies, new and experienced!

In addition, ENDURE SPORTS combines **Strength, Speed & Conditioning training and a high-tech Skating Treadmill** with the Pro-Cision surfaces in providing an overall hockey fitness experience! All MHL teams are now covered under Hockey Canada insurance to participate. They simply need to complete the required MHL form when registering teams at Endure Sports.

The MHL looks forward to this program with ENDURE SPORTS and growing opportunities in the future.

For complete information on ENDURE SPORTS, please visit their web-site at www.enduresports.com
